

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

The *Larinx*, and all the parts of the Throat were as the rest of the Body, in a good and natural Condition as can be.

I leave to others to explain how this Child could live, and move so long, without Brain.

I keep the Bones of that Skull in my House, where any Body may have a view of it, to satisfy their Curiosity, when they please.

VIII. *Part of a Letter from Monsr. Geoffroy, F.R.S.*

*Dated Paris, March 7. 1699. N.S. to Dr. Sloane, giving an Account of the New Regulations of the Royal Academy of Sciences, at Paris.*

I Shall here give you an Account of the great Splendour that the *Academie des Sciences* has Received by the Regulations, Incouragement, and Orders, Monsr. *L'abbe Bignon* has obtained to it from the King. That *Academy* is now composed of Ten honorary *Academicians*, which are chosen Learned and Eminent Gentlemen; of Eight Strangers associates, which are distinguished by their Learning; Twenty Pensioners Fellows, Twenty Eleves, and Twelve French Associates; out of the honorary *Academicians*, two are Elected every Year, one for President, the other for Vice-President; only Twenty Pensioners have every Year 1500 French Livres; and after the Death of one Pensioner, the Academy will propose to the King Three *Persons* Associates, or Eleves, or sometimes others; and his Majesty will call one of the Three for Pensioner.

Here is the Catalogue of the *Academicians*, the Names of honorary and Strangers Associates, who are disposed by order of Reception; but the others are distributed into Classes, into which the Academy is divided.

*Academiciens*

## Academicians 70.

## Honoraires 10.

Prefident,	M. L'abbé Bignon
2 Prefid.	M. Le Marquis de L'hopital
